Mr. Joe Bruneau
Hruby Hall

Dear Joe,

This letter is in response to your request to be reinstated as a full-time student. Based upon Dr. Franzblau's letter, your agreement to a release of information with your Grand Rapids physician, Dr. Ablau, and faculty permission to return to the classes you have missed, I am revoking your suspension from Aquinas College.

It will be necessary for you to re-enroll in the courses you were in, reapply for any Financial Aid, and request food refunds yourself.

Joe, while I realize you dislike "big brother" watching over you as it relates to your mental health problem, the College will not be sympathetic to a future disturbance where you fail to follow doctor's orders, since this is the third time such behavior has occurred at Aquinas.

Should you have any questions about your re-enrollment or encounter any difficulties in your return, please let me know as soon as possible.

Sincerely,

Bradford Winkler
Dean for Student Development

Earlier in the semester, a withdrawal for Joe Bruneau was processed on the request of parent. Since that time, Joe's situation has changed and it is his desire to return for the current semester. He has contacted all faculty about the missed classes and I would ask you to re-enroll him for the current semester.
